ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Regular Savings, Auxiliary Savings, Vacation Club, Christmas Club, IRA Savings, Roth IRA Savings, Education IRA Savings, Money Market, Checking, First Checking, and Pro Chance Checking accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. For Pinnacle Rewards Checking accounts, the dividend rate and annual percentage yield may change monthly as determined by the Credit Union's Board of Directors. During the lifetime of the accounts, the rate will not Requirements Met. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule. Money Market and Pinnacle Rewards Checking accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the Rate Schedule. For Money Market accounts, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the

full balance of your account. For Pinnacle Rewards Checking accounts, each dividend rate will apply only to that portion of the account balance within each balance range. For Pinnacle Rewards Checking accounts to meet the qualifications you must: 1) complete at least 15 signature based debit card transactions per month; 2) hold a ProMedica Credit Union Visa Card; 3) Receive monthly direct deposits totaling \$600.00 or more; and 4) receive e-statements.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period. For Christmas Club accounts, the dividend period is annual. For example, the first dividend period begins on October 1 and ends on September 30. All other dividend periods follow this same pattern.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For Regular Savings, Auxiliary

Savings, Vacation Club, Christmas Club, IRA Savings, Roth IRA Savings, Education IRA Savings, Money Market, Checking, First Checking, and Pinnacle Rewards Checking accounts, if you close your account before accrued dividends are credited, you will not receive the accrued dividends. However, for Christmas Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in any account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Regular Savings accounts, there is a minimum average daily balance required to avoid a service fee for the dividend period. If the minimum average daily balance requirement is not met, you will be charged a service fee as stated in the Fee Schedule. For Money Market and Checking accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend
